📍 Noida

SUMMARY

Passionate Software Developer, continuously seeking opportunities to apply skills to use, learn and contribute towards new technologies that impact the organization & society as well as broadens my scope of learning from the organization's team member

PROJECTS

TMDB Movie Search App

🔗 https://movie-db-20.netlify.app/

- This is a single page website Developed the Frontend in ReactJs using TMDB API with axios.

INDIA POST

🔗 https://pin-code-search.netlify.app/

- In this application you will search pin code and will get detail of location.

COVID - 19 Tracker

🔗 https://covid-19-tracker-20.netlify.app/

- Single page application with live dashboard for India and global coronavirus
  outbreak using graph.

Store App

🔗 http://prakash20kumar.atwebpages.com/

- As a part of a side project, I worked on a Store app (fetching data from FAKE STORE API) along with Token-based Firebase Authentication.
- Developed the Frontend in ReactJs.

Natour Tour

🔗 https://prakash20kumar.github.io/nature-tour-project/

- For the development of this project using HTML, CSS as well as flex using SCSS.

Pig Game

🔗 https://prakash20kumar.github.io/PigGame/

Pig is a simple dice game.

- If the player rolls a 1, they score nothing and it becomes the next player's turn.
- If the player rolls any other number, it is added to their turn total and the player's turn continues.
- If a player chooses to "hold", their turn total is added to their score, and it becomes the next player's turn.
- The first player to score 100 or more points wins.

SKILLS

HTML5 CSS3/SCSS jquery

JavaScript ES5/6 Bootstrap 5

React.js NodeJS MongoDB Git
